

Brighton Homes is proud to announce that we received the 2020 ENERGY STAR® Partner of the Year Sustained Excellence Award for continued leadership and superior contributions to ENERGY STAR.

In 2019, Brighton Homes built more than 200 [ENERGY STAR® Certified homes](#), for a total exceeding 1,300 since committing to ENERGY STAR in 2009

As described by EnergyStar, we accomplished the following in 2019:

- Partnering with Intermountain Gas Company to educate consumers about the value of ENERGY STAR through social media and their ENERGY STAR certified Parade model home.
- Updating its ENERGY STAR Infographic to contain statistics on the benefits of ENERGY STAR, including emissions equivalencies in trees planted and cars removed.
- Providing ENERGY STAR sales training for all sales agents at homes throughout each construction phase, describing features that contribute to ENERGY STAR and the performance of the home.
- Promoting ENERGY STAR with a two-page print ad in Boise Lifestyle magazine that reached more than 70,000 households.
- Emphasizing its commitment to building 100 percent ENERGY STAR certified homes on the company's website, social media and in outdoor signage and banners.
- Surveying all homebuyers after the purchase of their home, with over 70 percent responding that ENERGY STAR was a very important factor in their decision-making process, an increase of nearly 10 percent from last year.

About ENERGY STAR

ENERGY STAR® is the simple choice for energy efficiency. For over 25 years, EPA's ENERGY STAR program has been America's resource for saving energy and protecting the environment. Join the millions already making a difference at energystar.gov. More background information about ENERGY STAR can be found at energystar.gov/about and energystar.gov/numbers.

Thousands of industrial, commercial, utility, state, and local organizations—including more than 40 percent of the Fortune 500®—rely on their partnership with the U.S. Environmental Protection Agency (EPA) to deliver cost-saving energy efficiency solutions. Together, since 1992, ENERGY STAR and its partners have helped save American families and businesses over \$450 billion and over 3.5 trillion kilowatt-hours of electricity while also achieving broad emissions reductions—all through voluntary action.
